

June 26, 2023

To: NPS Upper Delaware Superintendant Lindsay Kurnath
cc: Upper Delaware Council & Town of Highland Planning Commission

Dear Superintendant Lindsay Kurnath,

Thank you for the detailed and very clear presentation regarding the FIMFO project and why it does not comply with the Upper Delaware River Management Plan that you presented before the Upper Delaware Council.

We are concerned about the proposed meeting between the National Park Service, Upper Delaware Council representatives, representatives from the Town of Highland Planning Board and the FIMFO applicant to negotiate away the numerous failures of the project to comply with the Upper Delaware River Management Plan as identified and articulated by the National Park Service. It is wholly inappropriate that such a negotiation would take place, particularly in a closed-door meeting out of the public eye. The National Park Service has rendered a clear and reasoned determination grounded in the requirements of the Land and Water Use Guidelines that are essential for full conformance and compliance with the River Management Plan and the law.

We request that the National Park Service formally and immediately issue your determination rejecting the FIMFO application and refuse to participate in a closed-door meeting designed to negotiate away the National Park Service findings of the failure to conform.

Thereafter FIMFO is certainly entitled to rework their project and reapply once the rights of the public to have our River protected are vindicated through the formal release of the National Park Service determination. But FIMFO should not have the right to delay, deflect or undermine the River Management Plan protections or process through inappropriate negotiation.

Quite simply, it is not right that FIMFO would be given a superior place at the table and be given the opportunity to negotiate and persuade away the protection of our River corridor that so many have worked so long to protect.

If, regardless of our request, you decide to participate in the meeting between NPS, UDC, Highland Planning Board and FIMFO, we urge you to make your participation contingent on an agreement of all parties that the meeting will be open so the public is able to be in the room and observe.

With respect,
