*Re: Draft Categorical Exclusion comment response document for  
Headquarters Road Bridge Project (MPMS 13716)*

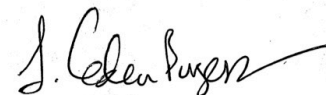

Dear Ryan:

On May 17, 2017, PennDOT released its responses to comments from the public and several government agencies regarding a Draft Categorical Exclusion for the Headquarters Road Bridge in Tinicum Township (MPMS 13716).

Delaware Riverkeeper Network has been working closely with architectural historian Dr. Robert Reynolds on this project. He reviewed PennDOT's May 17 responses, and continues to support rehabilitation of the one-lane bridge to preserve the historic values of the Ridge Valley Rural Historic District (see attached). I also attach a response prepared jointly by the Delaware Riverkeeper Maya van Rossum and Dr. Erik L. Silldorff, the Delaware Riverkeeper Network's Restoration Director.

Please make sure these documents are made part of the record and posted on Project PATH. Thank you for your attention concerning this matter.

Regards,

L. Eden Burgess
