

**PUBLIC COMMENT PERIOD OPEN FOR PERFLUOROOCTANOIC ACID (PFOA)
REPORTS ISSUED BY NJ DRINKING WATER QUALITY INSTITUTE**

60 day comment period commencing Sept. 22, 2016 on these three reports:

[Request for Public Comment on Subcommittee Reports Regarding Perfluorooctanoic Acid \(PFOA\)](#)

- [Health-Based Maximum Contaminant Level Support Document: Perfluorooctanoic Acid \(PFOA\)](#)
- [Report on the Development of a Practical Quantitation Level for Perfluorooctanoic Acid \(PFOA\) in Drinking Water](#)
- [Addendum to Appendix C: Recommendation on Perfluorinated Compound Treatment Options for Drinking Water](#)

The NJ DWQI publicly discussed their PFOA reports at their meeting September 22, 2016. The power point presentations about the reports, including the Health Effects Subcommittee report with the recommended MCL for PFOA have been posted to their website. The last link explains the DWQI decisionmaking process.

- [Health Effects Subcommittee: Health-Based PFOA MCL Recommendation](#)
- [Testing Subcommittee:](#)
- [Treatment Subcommittee: Addendum to “Recommendation of Perfluorinated Compound Treatment Options for Drinking Water](#)
- [Review of MCL Development Process](#)
